**5. Additions to Agenda**

Nicole Fricot provided some resources about racism/sexism discussion- many guides and toolkits online and podcasts available. Commented that it is difficult for parents and teachers to know racist comments are even being made, because of new language being used. Netflix series "Adolescence" could be a starting point for older kids. Considering potential presenters on this specific subject matter. Action: Greg to talk to Jody Wallack re: bringing this topic into something like the Caregiver Series. Ask about PD option RTA for teachers. PAC can fund something if they choose to.

Miles Howard- Inquired about Stem as extra curricular option for students not as keen on the sports, drama, and music being offered. Greg explained that band, drama are courses and sports are extra curricular (traditional). STEM would need a staff or community member available and the demand by students to start something as a club.

**6. Administration Report (Attached)**

Question: re Lack of Golf club- Increased extra curricular cost are mainly due to TOC costs and fuel. Reason Golf did not happen this year.
